The Essential Commodities Act, 1955 (10 of 1955) and the Prevention of Black Marketing Maintenance of Supplies of Essential Commodities Act, 1980 (7 of 1980), in so far as foodgrains, sugar and edible oils are concerned.	<ul style="list-style-type: none"> <li>• Like foodgrains, sugar and edible oils are the basic necessity of each and every family whether poor or rich.</li> <li>• Directorate of Vanaspati, Vegetable Oils and Fats is administrating various orders promulgated under Essential Commodities (EC) Act.</li> </ul> <p>(i) Deptt of Consumer Affairs, GOI have desired that the ECA, 1955 &amp; PBMMS of ECA, 1955 be assigned to them and not to D/FPD since detention of persons under PBMMS are dealt in DCA. Comments: NOT AGREEABLE REASONS: (i) Detention under PBMMS is preventive and not punitive, like COFEPOSA, 1974 for activities prejudicial to the maintenance of supplies of commodities essential to community. D/FPD is engaged in supply, control and distribution of sugar, wheat rice &amp; coarsegrain. Sugar (Control) Order, 1966, Levy Sugar (Supply) Order, wheat stock limit orders are administered by D/FPD. Violations u/S. 7 ECA, 1955 are made with the assistance of fact sheets prepared by competent authorities (incl. State Govt) official and cases filed for action.</p> <p>(ii) PBMMS is a logical adjunct for proper and legal implementation of ECA, 1955.</p> <p>(iii) Both, D/FPD &amp; DCA have concurrent concerns w.r.t. such essential commodities as operationally monitored by them.</p> <p>2. Instead of foodgrains, mention rice, wheat &amp; coarse grain, sugar and edible oils.</p>

13		<p>New entry - Policy Administration of Industries (Development &amp; Regulation), Act, 1951 in respect of Sugar &amp; Planning development and control of and assistance to Sugar Industry.</p>	<p>Reason: Recently litigations were noticed in Sugar industry w.r.t. installation of new sugar mill. Post delicensing (31.08.1998) LOI mechanism and checks therein were explicitly not subsumed in the mechanism of IEMs. On reference to DIPP to decide issues since Press Notes 12/1998 were issued by them (W.Ps No.12381/2004, 27216/2004, 54972 / 2004, 386/2004. 7123/2005, 5080/2005, LPA 1560/2005), they made it clear that it was for D/FPD to decide the issue (D.O. letter 18.2.2005 &amp; 28.6.2005 of DIPP) since Sugar industry was delicensed.</p> <p>(ii) Another milestone Monnnet case in Supreme Court, assailing the very vires of delicensing set out in Press Note 12/1998.</p> <p>(iii) Eventually, Order dt 10.11.2006 was notified wherein not only distance restriction was clarified, but also concepts of new sugar industry and requirements of filing of IEM were introduced, drawing upon wisdom of previous litigations and problems faced by the industry. These issues could be concurrently also touched upon in the IDR Act, besides as having been done under ECA, 1955 (sec 3-used for amending Sugarcane (Control) Order, 1955. This parallel source of policy making power with DIPP may not be desirable.</p>

Policy/Advice on interest rates on Government Securities.	Interest rate on non-market borrowings as well as central Government lending and advances are fixed by Budget Division.  Interest rates on govt. securities form the basis (yield curve) for the structure of all interest rates and can therefore support or undermine the interest rate policy. In earlier years all such decisions had to be approved by the CEA, but at some point of time this practice seems to have been given up. This needs to be corrected.

2.	Policy relating to exchange rates of Rupee.	Advice on Policy relating to exchange rate of the Rupee.	Exchange rate policy is absolutely critical to Macro-economic management of an open economy. In the days of closed economy it was an instrument of control located in the ECB division of the DEA- such a location is now anti-deluvian.
		<b>New Item</b> Advise on financial sector policy and reform issues	The financial sector (banks, Insurance companies, pension funds, mutual funds) intermediates financial flows between savers and investors and therefore affects every sector of the Indian economy and aggregate growth. Historically (30 years ago) these issues were subsumed under Credit policy and domestic management. An efficient financial sector is critical to the nature(e.g. inclusiveness) and speed of overall economic growth. It needs to be spelled out as a separate item so that the Financial Services department at least seeks our views on policy issues that will affect the entire economy.
		<b>New Item</b> Advice on Macroeconomic Policy and Management of Instruments of Macropolicy including credit and fiscal policy.	Macro-economic policy formulation is the most vital function of Treasury/Finance ministries across the World, whose two keenly watched outcomes are GDP growth and inflation. The actual macro-management through monetary policy (including money supply, exchange rates and interest rates) is delegated to the Central Bank. Nevertheless the economic divisions of Treasury/Finance play an important role in deciding policy and interaction with the Central Bank.
80.	Advice on matters, which have a bearing on internal and external aspects of economic management including prices.	Advice on matters, which have a bearing on internal and external aspects of economic management including prices.	The original item acted as omnibus in an earlier simpler era. Now needs elaboration.
		<b>New Item</b> Advice on sector policy reform issues bearing on macro-economic evolution and development	This refers to issues originating in other ministries that have bearing on economic growth, poverty removal etc..Elaborates

			on and makes explicit what was traditionally subsumed under item 80 and commonly done by the CEA(e.g. during the 1990s reforms). Alternatively it could be under the previous item by adding “including policy reform issues”.
81.	Credit, fiscal and monetary policies.	Advice on Fiscal, Monetary & Credit policy	Besides being policy instruments that affect/influence every sector of the economy, they are also instruments of macro-economic policy and macro management.

**NAME OF MINISTRY/DEPTT. : M/O MINES**

Sl. No.	EXISTING ENTRIES	PROPOSED ENTRIES INCLUDING NEW ENTRIES	REASONS FOR CHANGE IF ANY, PROVIDED BY THE MINISTRY/DEPARTMENT.
1	1(a). Legislation for regulation of mines and development of minerals within the territory of India, including mines and minerals underlying the ocean within the territorial waters or the continental shelf, or the exclusive economic zone and other maritime zones of India as may be specified, from time to time, by or under any law made by Parliament.	1(a) All matters relating to legislation for regulation of mines and development of minerals within the territory of India, including mines and minerals underlying the ocean within the territorial waters or the continental shelf or the exclusive economic zone and other maritime zones of India as may be specified from time to time, by or under any law made by Parliament, including Mines and Minerals (Development and Regulation) Act, 1957 (MMDR Act, 1957), Offshore Areas Mineral (Development and Regulation) Act, 2002 (OAMDR Act, 2002) and rules framed under these Acts.	To bring clarity in the allocation of work, the names of relevant legislations like MMDR Act, 1957 and OAMDR Act, 2002 have been included.
2	1(b). Regulation of mines and development of minerals other than coal, lignite and sand for stowing and any other mineral declared as prescribed substances for the purpose of the Atomic Energy Act, 1962 (33 of 1962) under the control of the Union as declared by law, including questions concerning regulation and development of minerals in various States and the matters connected therewith or incidental thereto.	1(b). Regulation of Mines and development of minerals other than coal, lignite and sand for stowing <b>but including the atomic minerals listed in Part B of First Schedule of Mines and Minerals (Development and Regulation) Act, 1957</b> under the control of the Union as declared by Law, including questions concerning regulation and development of minerals in various states and the matters connected therewith or incidental thereto.	Since the Ministry of Mines grants prior approval for Reconnaissance Permits (RPs), Prospecting Licences (PLs) and Mining Leases (MLs) in respect of those atomic minerals which are prescribed substance under the Atomic Energy Act, 1962 and fall in Part B of First Schedule of MMDR Act, 1957, it would be appropriate to reconcile entry 1(b) of existing allocation with the provisions of MMDR Act, 1957.

3	2. All other metals and minerals not specifically allotted to any other Ministry/Department, such as, aluminium, zinc, copper, gold, diamonds, lead and nickel.	2. All matters relating to Policy, exploration, exploitation and development of all ferrous and non-ferrous metals within the territory of India, including those minerals underlying the ocean within territorial waters of India or the continental shelf or the exclusive economic zone and other maritime zones of India as may be specified from time to time, by or under any law made by Parliament and all primary metals excluding iron, manganese and chromium, but including metallurgical grade silicon.	Item 2 of allocated business to the Ministry of Mines mentions "all other metals and minerals not specifically allotted to any other Ministry/Department". Item II (5) of Allocation of Business rules of DIPP deals with "planning, development and control of and assistance to, all industries other than those dealt with by any other Department". In this situation some of the industries (including those connected with production of primary metals) which are not specifically covered under the Allocation of Business Rules of either Ministry of Mines or DIPP could pose problem as they would fall within the purview of both Ministry of Mines or DIPP. To make the entries utilization and to cover the basic mandate of exploration, exploitation and development of all ferrous and non-ferrous minerals and primary metals excluding iron, manganese, chromium which are with Ministry of Steel and further to include the existing item 6, i.e., metallurgical grade silicon, a compact entry of the subject is recommended.

<b>1</b>	B 2. Administration of Road Transport Corporation Act, 1950 (64 of 1950)	2. Administration of the Road Transport Corporations Act, 1950 (64 of 1950).  2A. Administration of the National Highways Act, 1956 (48 of 1956)  2B. Administration of the National Highways Authority of India Act, 1988 (68 of 1988).  2C. Administration of the Control of National Highways (Land and Traffic) Act, 2002 (13 of 2003).	The existing entry is incomplete as this does not reflect the Acts indicated against the proposed entries to 2A, 2B and 2C in the previous Column 4. Hence, amendment is proposed
<b>2</b>	B.III.7. Central Road Fund.  B.III.11. Promotion of Transport Cooperatives in the field of motor transport and inland water transport.	7. Central Road Fund and Central Road Fund Act, 2000 (54 of 2000)  11. Promotion of Transport Cooperatives in the field of motor transport.	The amendment has been necessitated by enactment of Central Road Fund Act, 2000 (54 of 2000).  The subject matter of inland water transport pertains to the Department of Shipping. Hence reference to inland water transport needs to be deleted and the business of promotion of Transport Co-operatives in the field of Inland Water Transport is required to be transferred to the Department of Shipping.  There is no privatization in the road sector. Only private investment is being encouraged. Constitutionally, this Department is concerned with National Highways only. The Department had moved a Cabinet Note seeking approval of the Union Cabinet to join WP-29. The Cabinet approved the same in its meeting held on 03.11.2005. Accordingly, India

**NAME OF MINISTRY/DEPTT. : M/O URBAN DEVELOPMENT**

SI. No.	EXISTING ENTRIES	PROPOSED ENTRIES INCLUDING NEW ENTRIES	REASONS FOR CHANGE IF ANY, PROVIDED BY THE MINISTRY/DEPARTMENT.
1	10. Planning and coordination of urban transport systems with technical planning of rail based systems being subject to the items of work allocated to the Ministry of Railways, Railway Board.	10. "All matters of Urban Transport systems including Guided Urban Transit systems covering Tramways, Metros, Mono Rails etc., other than those under the control of Ministry of Railways excluding the item of work allocated to the Department of Road Transport & Highways.	<p>For effective planning, coordination and implementation of urban transport, it is essential that there is a clear allocation of responsibility of the subject. Urban transport, unlike intercity transport, cannot be planned in isolation from rest of the urban development, but must be planned for in conjunction with rest of urban planning. In particular, land use and transport have very strong linkages and must be planned in an integrated manner. Furthermore, without proper integration between different modes of urban transport, such as Railway systems, bus based systems etc., intermediate public transport, personal vehicles, parking facilities etc., Metro rails will not serve a meaningful purpose in sprawling city. Looking at the issue in the overall aspect, it may be seen that technical planning of rail based system is a small component and an incidental issue in the whole gamut of urban transport.</p> <p>Presently, the allocation of responsibility of urban transport at Central Government level is divided between two Ministries i.e. Ministry of Urban Development which has almost the entire responsibility, except for the technical planning and safety of rail based systems, which rests with Ministry of Railways. This duality of responsibility has led to considerable difference of opinion in the past on the issue of gauge and legislative competence for the Metro Rails and other Guided Urban Transit Systems coming up in different parts of the country. Railways insisted on adoption of broad gauge and were of the view that they will not be responsible for technical planning and safety in case of standard gauge. The Cabinet, based on the Group of Ministers' recommendations, decided on 5<sup>th</sup> April, 2006 (Annexure-I) that Metro Rail Systems falling within the jurisdiction of "a municipal area" could be within the legislative competence of State Government, subject to Safety Certification by Commissioner of Railway Safety with appropriate strengthening and institutional back-up. It was also decided that State Governments may choose the gauge, this being a techno-economic parameter.</p> <p>After this decision of Cabinet, Railways informed that Ministry of Railways is no longer responsible for technical planning and safety of rail based urban transport systems including Delhi Metro (<u>Annexure-II</u>). With the approval of Hon'ble Minister of Urban Development, Ministry of Railways were advised in October, 2006 (Annexure-III) that the exercise of identifying the strengthening needs of Commissioner of Railway Safety is before a Committee. Once the Committee submit its report and when it is adopted, this Ministry, i.e Ministry of Urban Development will take the responsibility for technical planning and Safety Certification.</p>
2	11. Fixing of maximum and minimum rates and fares for rail based urban transport systems other than those funded by the Indian Railways.	<b>Deleted</b>	<p>The Safety Committee under the Chairmanship of CCRS, which was set up by MOUD, has since submitted its report, recommending an institutional mechanism for laying down the standards etc. for technical planning and also Safety Certification of Guided Urban Transit Systems including Metros, Mono Rails etc. The implementation of the Report of the Committee is being processed by Ministry of Civil Aviation which is presently the administrative Ministry for Commissioner of Railway Safety. Meanwhile the State Governments are seeking GOI's approval for Metro Rail in their cities. Bangalore and Mumbai are in the stage of implementation of Metro Rail systems. Under the present circumstances, there is a vacuum at the level of Central Government for handling the technical planning and safety of these systems and hence this responsibility de-facto falls on the Ministry of Urban Development which has the responsibility for planning and coordination of all urban transport systems.</p> <p>The proposal for the suggested modification in the Allocation of Business Rules was sent to the Ministry of Railways (<u>Annexure-IV</u>) and Ministry of Law (<u>Annexure-V</u>) for their comments. Ministry of Law have informed that management of Allocation of Business Rules is a matter of policy and appropriate decision may be taken by Cabinet Secretariat (<u>Annexure-VI</u>).</p> <p>Ministry of Railways have opined that Ministry of Railways is responsible for railway transport systems as long as these systems are termed as Railways (<u>Annexure-VII</u>). Railways have also opined that the technical planning and safety of Delhi Metro will also remain the responsibility of Railways, as Delhi Metro is covered under the definition of Railways under Article 366 (20) of Constitution of India. As such, Ministry of Railways is not in favour of any change in the Allocation of Business Rules.</p> <p>The stand now taken by Railways is totally in contradiction to their earlier stands, wherein they had disassociated themselves from the technical planning and safety of Metro Rail systems coming up under state level legislation and also Delhi Metro. The Constitution of India only defines as to what is Union subject or State subject or a subject on concurrent list. Constitution, nowhere limits the Allocation of Business to any Ministry/Department. The Allocation of Business between different Ministries at Central Government level has to be seen in the overall context and perspective of proper planning, coordination and implementation. Till now almost entire responsibility of urban transport except technical planning is vested with the Ministry of Urban Development as perhaps there was no institutional arrangement for technical planning for Railway systems, which is quite complex and highly technical, with the Ministry of Urban Development. Now with the institutional mechanism, recommended by the Safety Committee being set up on lines of DGCA, Ministry of Urban is in a position to take up technical planning and safety related aspects of Guided Urban Transit Systems. The proposed changes in the Allocation of Business Rules will go a long way in removing confusion and conflict on account of duality of responsibility, besides helping in achieving the objectives of National Urban Transport Policy, 2006. This change would more appropriately reflect the work to be done by this Ministry.</p>
